BY HYATT

August 18th, 19th & 20th • 2006

75 years ago, Rising Sun's own J.W. Whitlock ripped the tides in setting the Ohio River speed record between Cincinnati and Louisville. A feat never matched since and a record for the ages to be celebrated. This August, the **Rising Sun River Days Festival** hits our shores with 3 days full of food, family fun, free concerts and hundreds of the river's finest watercraft. A few bucks gets you access to amusement rides and shopping. Sunny August days are calling you to the river on **August 18th, 19th & 20th**. See all the latest in the boating industry and don't miss J.W.'s record setting boat, the "Hoosier Boy," at the Ohio County Historical Museum.
